

Benefits of teflonised blades

Teflonised blades (available for 2-wing knives); reduction of product adhesion, for example when processing high-protein products such as meat, fish and sausage or sugary products such as dates and apricots.

Benefits of concave sharpened blades

Concave sharpened blades (available for 2-wing knives & adjustable cutting disks); excellent and improved cutting quality for products such as leek, endive lettuce, eggplant/aubergine, carrot and cucumber

Accessories for the GS 10-2 belt cutter

Precise cutting with up-to-date technology
